the world of commercial aviation, CBT, also
known as computer-based training (CBT), is a
structured, instructor-led program that is self-
paced and self-directing. Similar to a textbook,
CBT requires each student to work through
lesson plans and materials, and is an effective

WORDS THAT TRIGGER THE ELDERLY

Today's email brings this hot topic to the
forefront once again. We read a lot of emails
about life's trials and tribulations, we certainly
see most of the articles in our day to day lives,
but what about the sadder issues that we see?

When we get into our 80's and 90's what do you think about? What are you going to say when the time comes? What you are thinking and feeling. Someone said to me "I have lived through many changes, much of the people I've met and traveled with have all been a part of some kind of a journey. What do I want people to remember about me?" That's a very good question. For the elderly the memories may start to run together when they get closer to the end of their lives. I personally think we are all haunted by our memories and we have something to say about them. For some it's a happy ending, for others there is a sad end. Many in our caregiving community have come up with a list of words that make them feel good. For me, they are: 2d92ce491b
