I would like to take this opportunity to introduce myself. I'm Tom, I have been working in the realm of R/C aviation since I was a teenager in the mid 80's. When I was about 12 years old I acquired my first radio controlled airplane and promptly proceeded to crash it into a garage, ruining the transmission and destroying the plane. With that lesson learned I moved on to my first remote control car, again in a garage, which fortunately was an inflatable 2-seater. I am still around today. I was never able to land anything without damaging it, but that just made me want to build my own. In 1999 I moved to PA and started a new career. I was working with
