## Lyrics Viewer Crack+ Free Download [Latest] 2022

Lyrics Viewer Description Lyrics Viewer is a simple software utility which enables you to easily view song lyrics, view information about album and play audio tracks. Well-organized layout The interface you are met with can only be described as plain and simple, seeing it only contains a few buttons and some panes in which to display various information. Although there aren't any kind of Help contents included in the app, both power and novice users can find their way around it, without encountering any kind of issues. Options at your disposal First and foremost, it is important to keep in mind that this tool can only display lyrics from MP3, OGG and WAV file formats that have them embedded. This program encloses a file browser, so that you can easily access the audio tracks that interest you, while another dedicate pane enables you to view all the detected supported files. In order to view lyrics, all you have to do is click a song. In addition to that, you should know it is possible to play and stop tracks with the help of the incorporated playback controls, as well as bring up album details in a separate window. Performance and conclusion Lyrics Viewer is not going to put a strain on the computer's performance, as it does not require many resources in order to function properly. The response time is good and the interface is suitable to all types of users. Taking all of this into consideration, this piece of software is a pretty decent piece of software, yet it is important to keep in mind that it has been built for users of Windows XP and Vista.
